In the Drum For Joy!™ workshop you will learn the language of the drum, basic hand drum technique and how to make your drum sing. Jaqui presents the drum songs in a way that make it fun and easy to learn. By building and playing drum compositions in all of their parts, (rhythms, breaks, solos and vocals), you will experience the magic of music making and the joy of drumming! All levels of experience are welcome. **NO PRIOR musical experience necessary!** From the “beginning beginner” to the experienced player, the Drum For Joy!™ workshop is enjoyable for everyone!

Participants are asked to bring their drums to the workshop if you have one. We will need to know ahead if don't, so we can provide one for you. Let us know advocacymom@embarqmail.com

Open to all ages (12 years old and above)
