LETTER OF SUPPORT

To Whom It May Concern

I am delighted to write a letter of support for Martha King, in support of her organization, Guiding Hearts with Hope. As a trainer in Heartfulness meditation, I was approached by Martha to offer meditation sessions to interested participants through her organization. I worked with Martha for a period of eight weeks offering weekly meditation sessions to participants. I found her to have excellent leadership skills and dedication to helping those in need. I found her to be compassionate, dedicated and very pleasant to work with. Martha took great care of the participants, was highly trustworthy and would invariably follow up with all that needed to be addressed. She is very professional and has a warm and engaging personality. She is respectful and easy to get along with.

I have noticed that the participants in the meditation program liked her and have complemented her for taking good care of them. In summary, I unhesitatingly support Martha King towards her efforts to help humanity through her organization. I enjoyed working with her and I feel she is an excellent asset to the community.

I wish her all the very best!

Thank you.

Sincerely,

Jayaram Thimmapuram, MD
